

Elion Logistics Park 55 ("ELP 55") is a 30+ million square foot master-planned development of industrial and commercial space located 40 miles southwest of Chicago, IL. The site has access to BNSF Railway and has received certification as part of BNSF Railway's Site Certification program. BNSF certification ensures a site is ready for rapid acquisition and development through a comprehensive evaluation of existing and projected infrastructure, environmental and geotechnical standards, utility evaluation and site availability.

SELECTING A CERTIFIED SITE CAN:

- Reduce development time
- Increase speed to market
- Reduce upfront development risk of rail-served industrial sites

PROPERTY DETAILS

Elion Logistics Park 55 is a 30+ million square foot rail-served, mixed-use industrial park located off the BNSF Transcon. Up to 12 million square feet of potential rail-served sites are available. ELP 55 includes an on-site Police & Fire Station, a TA Petro Travel Plaza, 140 acres of planned retail services, and 40 acres of preserved wetlands.

Site Details:

- 2,500-acre development
- Direct access to BNSF Railway
- Industrial zoning I-5

BNSF PREMIER PARKS, SITES AND TRANSLOAD PROGRAM

BNSF Certified Sites are a part of the Premier Parks, Sites and Transload program which is a strategic approach to addressing the increasing demand for customer site locations by developing various types of facilities across the BNSF network. BNSF Certified Sites have been reviewed by an industry expert in order to ensure accurate, reliable data. Our goal is to provide an inventory of rail-served sites that are available for immediate development.*

* In order to ensure a safe, efficient and economical switch operation, BNSF will want to review and approve the engineering plans to serve each tenant facility.
